

ALMONTE CELTFEST

'Celtfest Gives Back' 2020 Project

ABOUT THE PROJECT

Almonte Celtfest is approaching its 24 year anniversary and this is entirely thanks to the generosity and support of our sponsors, partners, vendors, volunteers and guests. Now it's our turn to give back and help out in any way we can during these uncertain times.

We've designed this project with a "businesses support businesses" approach with the goal of spreading the love. Essentially, we will promote your business, products, services, specials, delivery details, special hours etc. online- whether you are currently operating or not. All we ask in return is that you keep us in mind in the future in whatever way makes sense for you – because, let's be honest – none of us know what tomorrow will look like let alone a few months or a year from now.

Please take a look at the involvement options below and email us back at almonteceltfest@hotmail.com with your requests, ideas, and details, and we can start planning!
